FTP connections are permitted only from an Internet Protocol (IP) address authorized by the Pennsylvania Treasury Department.   Agencies can submit a request to add or change an IP address by sending an email to contractinfo@patreasury.gov.   Listed in the request must be the agency name, contact name, contact email address, phone number, and a list of one or more public IP addresses.   Agencies are encouraged to use one IP address however no more than five are permitted per agency.
